

SELECTION PROCEDURE

1. Competitive Sealed Proposals will be evaluated by a committee (3 AAC 100.370). Evaluation of responses to criteria set forth in Part C results in a numerical score for each proposal. Each criterion in Part C has an assigned weight for this RFP which demonstrates its relative importance. The total of all weights is 100 (100%). Each one-percent weight equates to a potential range of 0-5 points per Evaluator. The maximum points (score) obtainable for any proposal is equal to the product of 500 multiplied by the number of Evaluators.

Note that Offerors may submit proposals for:

Banking Services

Trust/Custodial Services

Consolidated Proposal for both Banking Services and Trust/Custodial Services

2. Scoring of proposals will be accomplished as follows:

2.1 Each Evaluator will individually read and rate each Offeror's response to each criterion described in Part C - Section I - Technical Proposal. Ratings will be based solely on contents of proposal and in compliance with the Authority's standard Instructions for Evaluation Committee. Except as may be stated within any criterion description in Part C, a rating of "5" = Best Response from all Offerors; "4" to "1" = Progressively Less Responsive; "0" = Non-Responsive. Ratings are multiplied by the assigned weights for each criterion to obtain criteria scores.

2.2 If only 1-3 proposals are received the rating scale may be adjusted. A rating of "5" = Best Response from all Offerors "4" to "3" = progressively less responsive; "0" = Non-Responsive. (1-2 will not be used)

2.3 After completion of individual ratings in Part C, Section 1, Technical Proposal, the Evaluation Committee will meet to discuss proposals. Evaluators may then alter their ratings; however, any changes shall be based solely on the criteria set forth in Part C.

2.4 After scoring Part C - Section I - Technical Proposal, criteria scores for Part C -and Section II - Price (if applicable) and bidder preference will be calculated based on criteria descriptions.

2.5 The total score for each Offeror will be obtained by summing the scores determined for each criterion in Sections I, II and III of Part C. The order of ranking for negotiations shall be as follows: highest scored Offeror will be ranked first, next highest scored second, and etcetera.

3. Evaluators may discuss factual knowledge of, and may investigate Offerors' and proposed Subcontractors' prior work experience and performance, including but not limited to, projects referenced in proposal, available written evaluations, and may contact listed references or other persons knowledgeable of a Contractor's and/or a Subcontractor's past performance. Factors such as, but not limited to, overall experience relative to the proposed contract, quality of work, control of cost, and ability to meet schedules may be addressed. If any issues of significant concern to the proposed contract are discovered, the Committee may:

3.1 Provide written recommendations for consideration during contract negotiations;

3.2 Conduct discussions after the Evaluation Committee, in accordance with paragraph 4, below.

4. The Committee may decide to conduct discussions (or "interviews") with responsible Offerors whose proposals are determined to be reasonably susceptible of being selected for award for the purpose of clarification to assure full understanding of, and responsiveness to, the solicitation requirements (3 AAC 100.400). Offerors selected by the Committee for discussions may be permitted to submit Best and Final Offers (BAFO) for final Committee Evaluation. After discussions and any BAFO's, Evaluators will determine the final scoring and ranking for contract negotiations by evaluating written and oral responses using only the criteria set forth in Part C of this RFP (3 AAC 100.400).

5. If contract negotiations are unsuccessful with Offeror(s) selected for negotiation, the Contracting Agency may either cancel the solicitation or negotiate with other Offerors in the order of ranking.

NOTICES

1. The Contracting Agency is an equal opportunity employer.
2. Copies of the Contract General **Conditions** are attached.
3. Offerors are specifically advised that a contract shall not be in effect until a written agreement is executed by an authorized agent of the Authority. The Authority shall not be liable for any cost incurred by an Offeror in response to this solicitation, including any work done, even in good faith, prior to execution of a contract and issuance of a Notice to Proceed.
4. The Authority expressly reserves the right to waive minor informalities, negotiate changes or reject any and all proposals and to not award the proposed contract, if in its best interest. "Minor Informalities" means matters of form rather than substance which are evident from the submittal, or are insignificant matters that have a negligible effect on price, quantity, quality, delivery, or contractual conditions and can be waived or corrected without prejudice to other Offerors.
5. All proposals shall be open for public inspection per (3 AAC 100.680) after a Notice of Intent to Award is issued. Offerors should not include proprietary information in proposals if such information should not be disclosed to the public. Any language within a submittal purporting to render all or portions of a proposal confidential will be disregarded. Proprietary information which may be provided after selection for contract negotiations will be confidential if expressly agreed to by the Authority and Executive Director.
6. Substitution for any personnel named in a proposal may result in termination of negotiations and the contract.
7. If it is discovered that a selected Offeror is in arrears on taxes due the State of Alaska, a contract may not be awarded until the Alaska Department of Revenue approves the payment provisions for the contract.
8. Offerors and proposed subcontractors shall be in compliance with the statutory requirements for Alaska business licensing and professional registrations included in the certification statement on Page 2 of Part D in this RFP package.
9. **PRICE COMPETITION:** Price cannot be an Evaluation Criterion in accordance with PL-92.582 Brooks Act for services that must be performed only by Architects, Engineers or Land Surveyors (A/E or LS) licensed in the State of Alaska, **UNLESS** the provisions of AS 36.30.270(d) apply; i.e., unless the services required are repetitious in nature, and the nature and amount of services required are thoroughly defined by measurable and objective standards to reasonably enable firms or persons making proposals to compete with a clear understanding and interpretation of the services required.
10. Standard insurance provisions for Worker's Compensation, General and Automobile Liability, and Professional Liability are contained in Appendix D, Indemnification and Insurance. Coverages may be modified under very limited circumstances. Offeror should not assume any modification of coverages.

SUBMITTAL CHECKLIST

Offeror may use left margin to check off items when completed.

- [] 1. Offerors must carefully review this RFP Package for defects and questionable material and become familiar with submittal requirements. Submit written comments to the address shown under "Submittal Deadline and Location" on page 1 of Part A - RFP. Substantive issues will be addressed in a written addendum to all RFP recipients on record. Failure to comply with directions may result in lower score and may eliminate an Offer from consideration. Protests based on alleged improprieties or ambiguities in a solicitation may be disallowed at the discretion of the Authority if the protest is not received in writing at least ten Authority work days prior to the Offer deadline (3 AAC 100.200).
- [] 2. Review Part A - RFP and the proposed Statement of Work and any other attached or referenced materials. If no Statement of Work is attached, telephone the Authority contact person identified on page 1 of Part A.
- [] 3. Review Part C - Evaluation Criteria. Read each criterion in light of the proposed Statement of Work. Note any project specific criteria which may have been added or any changes to standard criteria descriptions which may have been made. Be aware of the assigned weight for each criterion. If a weight is not entered for any criterion on Part C, notify the Agency contact person. Plan your proposal to address the applicable criteria. Criteria Responses shall not exceed the number of pages stated below.
- [] 4. Prepare a distinct Response for each criterion that has a weight more than zero. Failure to respond directly to any criteria weighted more than zero will result in an evaluation score of zero for that criteria. Any Responses to criteria weighted zero will be disregarded. Acceptable Responses must be specific and directly related to the Contracting Agency's proposed Statement of Work. Marketing brochures, marketing resumes, and other non-project specific materials will be discarded without evaluation and should not be submitted.
- [] 5. *Each criterion Response must be titled, numbered and assembled in the order in which the criteria are listed in Part C, so the criterion to which information applies shall be plainly evident. Material not so identified or assembled may be discarded without evaluation.*
- [] 6. Price is is not an evaluation criterion for the proposed contract.
If Price is a Criterion, prepare *Billing Rates and/or Price Proposals* as described in Criteria #10 and/or #11.
- [] 7. Complete all entries on Part D - Proposal Form. Note the statutory requirements for Alaska business licenses and professional registrations and be sure to sign and date the Certification. Copies of licenses and registrations may be provided with Offer, and will not count in the requirements of #8 below.
- [] 8. Attach Criteria Responses (*except any Billing Rates or Price Proposals*) to Part D - Proposal Form. The maximum number of attached pages (*each printed side equals one page*) for Criteria Responses shall not exceed: **Ten**. Attached page limit does not include the four-page Part D - Proposal Form, or any Billing Rates or Price Proposals.

Criteria Responses shall be presented in *8-1/2" X 11" format*, except for a minimal number of larger sheets (e.g. 11" x 17") that may be used (e.g. for schedules) if they are folded to 8-1/2" X 11" size.

CAUTION: Criteria Responses which do not comply with the required page limit or presentation size, may result in disqualification. Further, small print or typeface that is difficult to read may negatively influence evaluation of your submittal and affect scoring for "Quality of Proposal."

CHECKLIST IS CONTINUED NEXT PAGE

For Investment Custodial services at a minimum address:

- Provide investment custodial services for 32 separate trust subaccounts. Other subaccounts may be added or deleted over the term of the contract.

 - Facilitate trades of investment securities.
 - Provide investment purchase and sale capability for the direct purchase/sale of treasuries, Agencies, and GSE's, per instructions from Authority staff.

Within your discussion of these services for the Authority you should address your company's processes or procedures for daily cutoffs, timing of wire transfers, safekeeping of assets, internal control standards, settlement, accounting practices and reporting, procedures for account management, cash management, collecting incoming funds, commitment to client services, resolving issues that may arise with accounts, and anything else important to providing the required services.

Provide hardcopy samples of investment custodial statements and reports with your submission.

Include your primary and secondary points of contact, any daily deadlines, or other commitments that you are able to make regarding these services. Also discuss any expectations you would have for the Authority or any additional terms or conditions that you would want included in the final negotiated contract.

8. Alaska Offeror's Preference

8. Weight: 10

9. Oral Presentation of Proposals

9. Weight: 5

All responsive Offerors will be given an opportunity to provide an oral presentation of their written proposal. The presentations will be scheduled after the deadline for receipt of proposals at the convenience of the Authority. The purpose of the presentations is to allow the Offeror the opportunity to explain why their proposal should be selected and provide the Authority the opportunity to clarify any issues that may have been identified during the initial review of proposals.

The presentation may not be used to offer services not included in the original proposal or negotiate additional terms or conditions.

SECTION II - PRICE

See item #9, under Notices in Part A - RFP, regarding statutory and regulatory provisions about price competition and item #10.3, in Part B - Submittal Checklist, regarding procedure for submittal of Price Proposals.

CAUTION: Submittal of Offeror's or Subcontractor's "standard" rate schedules or other pricing documents which are not in required format will be non-responsive if they do not allow direct comparison with other responsive proposals.

Offerors should provide a price for all services offered in their proposal in the format requested to allow for price evaluation. The proposal should be submitted in two parts as outlined in this section. Each part should list the price for Banking Services separate from the price for Investment Custodial Services.

The price of the final contract will be based on unit prices for specific services, a monthly lump sum price, a commitment to certain minimum balances in accounts, or a combination of those pricing methodologies based on an anticipated number of transactions during the first year.

Note that Offerors may submit proposals for:

- 1) **Banking Services**
- 2) **Trust/Custodial Services**
- 3) **Consolidated Proposal for both Banking Services and Trust/Custodial Services**

Separate awards may be processed based on each option

10. Authority Cost Worksheet (Required Format)

10. Weight: 20

Offerors must complete the attached unit price cost worksheet that includes an estimate of monthly and annual services that may be requested by the Authority during the contract term (Attachment 7). This document is also available as an excel file to download from the State of Alaska On-line Public Notice web site.

Offerors should consider the following assumptions in preparing a response.

- Pricing should include all costs necessary to complete the transactions or perform the services for the units identified (per transaction or per month).
- Total cost will represent lump sum cost for 12 months.
- All reports should be available in both hardcopy and electronic version.
- Unit pricing for the initial contract term and the first renewal will be fixed. Prices will be firm for the first contract period and the first 2 year renewal; after this time the Authority and contractor may negotiate price changes.

Banking Services Assumptions

- For the purpose of evaluating cost, assume the average collected daily balance of all five banking accounts is \$500,000.
- Two of the checking accounts are only used to receive deposits for subsequent transfers to trust subaccounts. No payments are made from these accounts.
- The quantities on the worksheet are estimates.
- AIDEA and AEA will provide check stock.

Trust Services Assumptions

- Number of investments, other than the overnight liquidity investment, held in all trust subaccounts is estimated high at 400.
- The transfers between trust and checking are the same transactions with debit on one side and credit on the other. The Offeror can determine where to include the cost for these transactions on their price schedule.
- The monthly customer services fee is intended to be a fixed fee to cover all professional services that may be required to provide related support and interactions with AIDEA and AEA staff and AIDEA's money managers.

Onetime costs

- Onetime costs should cover all costs for initial set up or transfer of existing accounts as identified in this RFP. Cost for extra services or alternative should be included in the contractor fee schedule.

The final contract cost and payment method will be negotiated between the contractor and the Authority based on an agreed upon scope of work in the final contract. Additional services and fees may be negotiated during the contract term.

$$\frac{(\text{Lowest aggregate rate from all Offerors}) \times (\text{MPP}^*)}{(\text{Offeror's aggregate rate})} = \text{Offeror's Criterion Score}$$

*MPP = Maximum Possible Points = (5) x (Number of Evaluators) x (Weight)

If no federal funding, aggregate rates shall be reduced for the above calculation by the following applicable percentages when the rates are from Offerors that **designate preferences on page one of Part D.**

- ALASKA BIDDER (OFFEROR) PREFERENCE [2 AAC 12.260(d)]..... 5%

To claim employment or disabled preference, Offeror must be on the appropriate Alaska Division of Vocational Rehabilitation list at the time designated for opening (i.e., receipt) of proposals.

11. Total Price Proposal (Required Format)

11. Weight: 5

In addition to the unit price worksheet Offerors must submit a fee schedule for all services it would propose to charge the Authority under this contract that may not be included in the unit price worksheet.

At a minimum the fee schedule must include any variations or qualifications on pricing for the transactions and services identified on the worksheet and any other customary fees the Offeror may charge in performing the services required under this contract.

Response will be scored as follows:
$$\frac{(\text{Lowest Total Proposed Price}) \times (\text{MPP}^*)}{(\text{Offeror's Total Proposed Price})} = \text{Criterion Score}$$

*MPP = Maximum Possible Points = (5) x (Number of Evaluators) x (Weight)

If no federal funding, total price shall be reduced for the above calculation by the following applicable percentages when the prices are from Offerors **designate preferences on page one of Part D.**

- ALASKA BIDDER (OFFEROR) PREFERENCE [2 AAC 12.260(d)]..... 5%

12. Other Cost Information

12. Weight: 5

If renewal options are exercised, it is expected that price terms will be based on the cost schedule, terms, and conditions of the negotiated contract.

Offerors should also provide a brief discussion on any other fees or options that may be available to the Authority that may reduce the cost of services.

Include any other proposed payment terms or conditions that may be different than those indicated in Section 3.6 of this RFP such as standard or proposed terms for administering price increases during contract renewals.

The Authority intends that all prices will be firm for the first contract period and the first 2 year renewal.

CERTIFICATION - COST AND PRICING DATA

In accordance with 3 AAC 100.560, any cost and pricing data submitted herewith, or in any future price proposals for the proposed contract, will be accurate, complete and current as of the date submitted and will continue to be accurate and complete during the performance of the contract, if awarded.

The Offeror must provide with their submission a detailed description of the portion of work being performed outside the United States, where, by whom, and the reason the waiver is necessary. Failure to comply with this requirement may cause the state to reject the bid or proposal as non-responsive, or cancel the contract.

CERTIFICATION – FORMER PUBLIC OFFICER

Any Proposer listing as a member of the proposer's team a current public officer or a former public officer who has left state service within the past two years must submit a sworn statement from that individual that the Alaska Executive Branch Ethics Act does not prohibit his or her participation in this project. If a proposer fails to submit a required statement, the proposal may be deemed nonresponsive or non-responsible, and rejected, depending upon the materiality of the individual's proposed position.

The Ethics Act bars a public officer who leaves state service from representing, advising or assisting a person for compensation regarding a matter – that was under consideration by the administrative unit in which the officer served, and in which the officer participated personally and substantially through the exercise of official action, for two years after leaving state service. See AS 39.52.180(a). "Public officer" includes a state employee, a member of a state board and commission, and a trustee of the Exxon Valdez Oil Spill Trust. "Official action" means a recommendation, decision, approval, disapproval, vote, or other similar action or inaction. Possible remedies for violating the bar include penalties against the former public officer and voiding the state grant, contract or lease in which the former public officer is involved.

Additionally, former public officers may not disclose or use information acquired in the course of their official duties that could in any way result in a benefit to the former public officers or their families, if the information has not been disseminated to the public or is confidential by law, without appropriate authorization. See AS 39.52.140.

Each current or former public officer is responsible for determining whether he or she may serve in the listed capacity on this project without violating the Ethics Act. A form that a former public officer may use to certify their eligibility is attached. Current public officers may seek advice from their designated ethics supervisors concerning the scope and application of the Ethics Act. Former public officers may, in writing, request advice from the Office of the Attorney General, Ethics Attorney concerning the application of the Ethics Act to their participation in this project. ARTICLE B2 **BACKGROUND**

B2.1 About AIDEA

AIDEA operates independently with a separate Executive Director appointed by a Board of Directors. Alaska Statute and administrative regulations for the Authority is found at the following link:

AIDEA: <https://www.akleg.gov/basis/statutes.asp#44.88>

Website for the Authority is found at:

AIDEA: <https://www.aidea.org/>

B2.2 AIDEA's Current Account Information – Trust Services

AIDEA has the investment powers and duties established in AS 37.10.071. AIDEA's current investment policy is Attachment 1;

AIDEA contracts with two outside investment managers to invest on AIDEA's behalf. The investment manager's role is to enhance return and they therefore actively trade investments.. The manager's investment scope includes corporate securities. Approximately 20 purchases and sales of securities are initiated monthly by AIDEA's external managers, currently Alaska Permanent Capital Management and Barrow Hanley Global Investors. Additionally, AIDEA receives approximately 200 "pay downs" monthly from collateralized investments. AIDEA expects external investment manager activities to remain approximately the same during the contract period; however, AIDEA cannot guarantee the level of future activity.

AIDEA expects manager investment activities to remain approximately the same during the contract period; however, AIDEA cannot guarantee the level of future activity. A copy of AIDEA's Investment Policy is attached in this document.

B2.2.1 Trust Subaccounts

AIDEA expects to maintain 20-30 separate subaccounts for unrestricted, restricted and segregated funds. During the life of the contract new subaccounts will be necessary and other subaccounts will be eliminated.

Approximately 10 of the existing subaccounts invest in both investment securities and the short-term investment funds; the remainder of the subaccounts only invest in the short term investment funds. Interest earned on several of the subaccounts is transferred to other subaccounts when received. Interest for most of the subaccounts remains in the subaccount in which it is earned.

B2.3 Banking Services - Checking Accounts

AIDEA maintains two checking accounts. These two of the checking accounts are used as conduit deposit accounts for collecting funds to be transferred into subaccounts. The Authority estimates current activity at approximately 350 checks and 600 outgoing electronic funds transfers (through ACH) per fiscal year; the number of payment transactions may vary over the term of the contract. The Authority receives checks and generally makes one deposit per day. The number of items deposited daily is not tracked, but it is estimated that eight items appear, on average, on the daily deposit. Cash is occasionally received.

B2.4 Transfers of Funds

Wire transfers are received and disbursed periodically by the current Institution per instructions from AIDEA; amounts are also received and disbursed via ACH. The Authority estimates that there will be approximately 250 incoming wire transfers, and 250 incoming ACH electronic funds transfers annually; 750 book to book transfers; however the numbers may change as circumstances change.

Generally, the day after deposits are made into the checking accounts, the Institution transfers the amounts deposited into the trust subaccounts pursuant to instructions received by the Institution from AIDEA.

Amounts may be transferred daily from the various trust subaccounts into the checking accounts to cover payments made by the Authority. The Authority anticipates that it will continue to provide transfer instructions in the manner similar to that currently utilized.

B3.4 Other Considerations

1. If awarded, the Institution will provide six months of reduced and/or removal of fees while the Authority transitions to the new Institution.
2. The Institution shall exercise the same care and safekeeping of the investment securities and liquidity investment held for the Authority as it exercises in the safekeeping of property of a similar character which it holds in a fiduciary capacity. All investment securities and liquidity investments must adhere to AIDEA's Investment Policy. In the event any pertinent changes are made to AIDEA's Investment Policy, any contract involving the Authority's investment securities and/or liquidity investments may be renegotiated
3. The Authority shall have the right, exercisable directly or through its auditors, to examine and audit all cash and securities held by the Institution for the account of the Authority, and all books, memoranda, journals, ledgers, and other records (including those related to costs) pertaining thereto during the Institution's normal business hours. This right of audit is exercisable at any time by the Authority and may be repeated from time to time without restriction during the term of the Contract at the option of the Authority, subject to the foregoing limitations of time and scope.

4. Due to financial restrictions or accounting requirements placed upon the Authority by bond covenants or otherwise, the Authority may have unique requirements from other Trust customers. The Institution must be willing and able to attempt to accommodate future Authority requirements.

5. One contact person shall be assigned to the Authority for the purposes of managing the contract. In addition the Institution is expected to provide a single point of banking services as well as trust services. This could be two people, one for trust and one for banking services. The contact person(s) will be responsible for day-to-day communications between the Institution and the Authority regarding their areas of expertise and will be able to resolve any issues that may arise regarding the contract in their area of expertise. The Authority estimate that the Institution banking and investment trust contact person(s) will be spoken to several times per week, on average.

6. The Institution must be able to accurately execute transactions and transfers within the minimum time periods required by the contract. Repeated failure to execute accurate timely transactions may result in cancellation of the contract.

7. All investment securities must be held by the Institution or its agent in an account in AIDEA's name over which AIDEA has signatory authority. The collateral for the checking accounts must also be held in a third party custodial account in AIDEA's name over which AIDEA has signatory authority.

8. The Institution is responsible for timely processing of incoming and outgoing wires. Outgoing wires from the Trust generally must be sent so that the recipient can invest funds on the day of receipt. Occasionally, outgoing wires must be sent to be received prior to 10 a.m. prevailing Eastern Time. The Authority must receive notice of all deposits into a checking account before 3:30 p.m. on the day of the deposit. The Institution must notify the Authority, by e-mail to the appropriate contact person, no more than two hours after receipt of wires, ACH's and direct deposits destined for a checking account or trust subaccount

9. The contactor must be able to provide the information necessary for the Authority to be in compliance with the requirements of the Governmental Accounting Standards Board Statement No. 40, Deposit and Investment Risk Disclosures.

ARTICLE D1 INDEMNIFICATION

D1.1 The CONTRACTOR shall indemnify, hold harmless, and defend the CONTRACTING AGENCY from and against any claim of, or liability for negligent acts, errors or omissions of the CONTRACTOR under this Agreement. The CONTRACTOR shall not be required to indemnify the CONTRACTING AGENCY for a claim of, or liability for, the independent negligence of the CONTRACTING AGENCY. If there is a claim of, or liability for, the joint negligent error or omission of the CONTRACTOR and the independent negligence of the CONTRACTING AGENCY, the indemnification and hold harmless obligation shall be apportioned on a comparative fault basis. "CONTRACTOR" and "CONTRACTING AGENCY", as used within this article, include the employees, agents and other contractors who are directly responsible, respectively, to each. The term "Independent Negligence" is negligence other than in the CONTRACTING AGENCY's selection, administration, monitoring, or controlling of the CONTRACTOR and in approving or accepting the CONTRACTOR's Work.

following the date of final payment, the following policies of insurance. Where specific limits are shown, it is understood that they shall be the minimum acceptable limits. If the CONTRACTOR's policy contains higher limits, the CONTRACTING AGENCY shall be entitled to coverage to the extent of such higher limits. Certificates of insurance must be furnished to the CONTRACTING AGENCY and incorporated into this Agreement with copies attached to this document. Certificates must provide for the CONTRACTING AGENCY to receive notice of any policy cancellation or reduction per AS 21.36 Sections 210-310. Failure to furnish certificates of insurance or lapse of the policy is a material breach and grounds for termination of the CONTRACTOR's services and may preclude other Agreements between the CONTRACTOR and the CONTRACTING AGENCY.

D2.1.1 Worker's Compensation Insurance: The CONTRACTOR shall provide and maintain, for all employees engaged in work under this Agreement, coverage as required by AS 23.30.045, and; where applicable, any other statutory obligations including but not limited to Federal USL&H and Jones Act requirements. NOW, THEREFORE BE IT RESOLVED by the Board that the following policies and guidelines are to be followed in the investment of Authority assets:

I. Investment Policy for Outside Advisor–Managed Investment Assets

The intent of the following policy is that the Executive Director will enter into a contract or contracts with outside investment advisors (“Investment Manager(s)”).

A. The Board authorizes the Executive Director to provide for investment in the specific instruments set forth in this section at his discretion and within the prohibitions and descriptions set forth. The Executive Director is authorized to enter into contracts on such terms and conditions as he considers necessary to carry out the purposes of this section. In addition to the authorized investments presented herein, the contracts will provide guidelines relating to, among other things, the maximum non-U.S. dollar denominated currency exposure permitted. Such non-U.S. dollar denominated investments are permitted provided that the greater of \$200 million or 60% of the externally managed investment portfolios in aggregate shall be invested in U.S. dollar denominated investments. The contracts will also provide guidelines relating to cost, minimum safekeeping requirements and reporting requirements.

B. Authorized debt investments for U.S. dollar denominated portfolios include:

1. Eligible long term securities

Investment Managers may invest in debt instruments issued or guaranteed by the U.S. Government, its agencies and instrumentalities, and Government Sponsored Enterprises (GSEs). Investment Managers may also purchase dollar-denominated debt instruments that have been issued by domestic and non-domestic entities. Eligible corporate investments include cumulative capital securities, Real Estate Investment Trust (REIT) debt obligations, equipment trust securities, enhanced equipment trust securities, and pass-through securities.

Investments must carry a rating of BBB- or above at the time of purchase (investment grade), or, if unrated, be deemed by the Investment Manager to be of investment grade quality. The total of unrated investments may not exceed five

percent (5%) of the Investment Manager's portfolio value and the unrated investments of a single issuer may not exceed 2% of the Investment Manager's portfolio value.

Investment Managers shall assign a rating for purposes of determining compliance with quality guidelines which will be the middle rating if ratings are provided by Moody's, Standard & Poor's, and Fitch; the lower rating if only two ratings exist; and the rating provided if only one rating exists. If a security is unrated, the Investment Manager shall assign an internal rating for compliance purposes. In the event that the rating of a security is downgraded below investment grade while the security is owned by AIDEA (including an unrated investment assigned a rating by the Investment Manager), it will no longer be eligible for purchase and the Investment Manager will immediately report the downgrade to AIDEA with a plan of action for monitoring the security and its orderly disposition within a six month period. If the Investment Manager believes that the security is undervalued, the Investment Manager may request that the Executive Director grant an additional six months in which to liquidate the security; the request shall be in writing and support the Investment Manager's position that the investment is undervalued.

Mortgage-backed securities issued or guaranteed by Federal agencies or GSEs are permitted, as are asset backed securities, including collateralized mortgage backed securities (CMBS) and collateralized mortgage obligations (CMOs). CMOs are limited to the more stable classes, including (but not limited to) Planned Amortization Class (PAC(1)s), Very Accurately Defined Mortgages (VADM), Accretion Directed (AD), Z (accrual) tranches, and Sequential Pay CMOs. Prohibited CMO classes include those where principal and interest components are separated or where leverage is employed; examples include Interest Only, Principal Only, and inverse floating rate notes.

Similarly, the Executive Director shall have the authority to move funds from the externally managed portfolios to the internal portfolio when the balance in the internal portfolio is insufficient to meet anticipated liquidity requirements.

V. Reporting

Each quarter the Executive Director shall cause a report to be prepared and provided to the members of the Board which sets forth amounts invested in the externally managed bond portfolios and the internally managed unrestricted liquidity portfolio. The quarterly reports shall include information regarding the diversification and performance of each portfolio in relation to appropriate market indices. The report shall include comparative performance information that enables the reader to evaluate whether the portfolios are achieving returns that are consistent with objectives and market conditions.

Each year-end the Executive Director shall cause a report to be prepared and provided to the members of the Board which satisfies all appropriate accounting requirements.

Additionally, a year-end report will be prepared and presented to the Board that identifies the components of the total investment portfolio by the externally managed portfolios, the internally managed unrestricted liquidity portfolio and the remaining investments, identified by restriction.
