PROPOSALS (RFP) PACKAGE

RFP 21033
Rampart & Nelson Lagoon Rural Power System
Upgrade (RPSU)

EMAIL TO: All IRFP recipients on record.

The RFP Package is hereby clarified or changed as follows:

1. Rampart and Nelson Lagoon CDR Milestone, is now

Date Design Milestone

November 11, 2020 Issue Contract

Contractor to provide date Draft CDR

February 28, 2021 Final CDR

Question and Answer

1. **Question:** Nelson Lagoon scope of work appears to limit the scope to a new power plant. However, B3.2 c does include "A description of other local potential energy resources....", and the RFP included a copy of an AEB report recommending wind power in Nelson Lagoon. Additionally, the RFP background data included a report by V3 Energy on the viability of wind generators. Is it the AEA's intent to include design of a wind farm within the scope of this project?

Answer: No, a wind farm design is not within the scope of this project.

All other terms and conditions remain the same.

END OF ADDENDUM
