

Date: **January 13, 2023**
Project: **Economic Impact Evaluation of the
Alaska Renewable Energy Fund**
Solicitation No.: **RFP 23081**
Addendum No. **One**

TO ALL PLANHOLDERS:

All RFP recipients on record registered as Plan Holders for RFP# 23072

The RFP Package is hereby clarified or changed as follows:

- 1) QUESTION: Is there any flexibility to reconsider the report deliver date (Draft: March 15, 2023 and Final: April 15, 2023)?

ANSWER: There may be some flexibility with respect to the dates indicated in proposal, however, as you may be aware, the REF is scheduled, per current statute, to sunset on June 30, 2023, and AEA would like to issue an impact analysis providing as much time for review by those Legislators and other interested parties as would be possible. In light of this tight timeline, it is anticipated that changes to the deliverable dates would be quite limited.

- 2) QUESTION: Section 2.02 Scope of Work (page 10) indicates AEA has templates for recording performance of REF-funded projects. Is a sample of this template available for the purposes of developing this proposal?

ANSWER: These templates are those available in the REF standard and heat application forms, as well as in the REF economic model (as related to the B/C calculation). Page 9 of the RFP provides a link to the latest 2022 / Round 15 solicitation and contains links to these documents. Please feel free to repurpose such templates as you see fit.

While these templates are available, should the offeror would prefer to utilize proprietary, and what they understand to be more appropriate templates for purposes of this RFP, they are encouraged to do so, and of course will not be penalized for doing so during the bid scoring evaluation process.

Data regarding the REF program is also provided in the attached, please use Microsoft PowerBI to access the .pbix files.

3) QUESTION: Could AEA provide the previous evaluation report that was completed in 2011?

ANSWER: Yes, see attached PDF file entitled "2012_REF_Impact_Evaluation Report_Final_Rev_B"

END OF ADDENDUM

We appreciate your participation in this solicitation.
